

**Plover Spuds on Snow**  
**United We Trail – Divided We Fail**  
**March 8, 2010**  
**Presidents Update:**

Well as I suspected the snow is leaving us with a vengeance. It's always sad to see the snow disappear. I hope everyone got there riding in. I know there is still snow in the North but not for much longer.

We had a great meeting last month. We're still at a stale mate with the trail leading into Smiley's. We will continue our quest for the trail one way or the other. It's a shame when you have a facility as nice as Smiley's and no way to gain access for snowmobiles.

The Portage County Alliance has re elected Brian Swan as AWSC Portage County director and Jim Drmolka as AWSC Portage County Rep. Other items discussed at the meeting were the \$400.00 available for any club interested in running the Alliance hospitality room at the AWSC convention. I would like to discuss this at our March 10th meeting.

**SOS Club Trip Feb 19-21st Booth Lake Minocqua**

We had a great time at Booth Lake. The facility was just big enough to accommodate our group. The trails were in great shape. The Browns brought along an enclosed sled for Abby to ride in. We learned early into the days ride that we would slow down the group so the Browns and the Bey's made up the slow group and ventured out on our own. The rest of the crew had a little separation problem in the beginning but met up at Solberg Lake. We put on about 80 miles at 20 MPH. It was slow but I had no complaints as the scenery was beautiful. I even found a nice screw driver set laying along the trail. The rest of the group put on over 100 miles. We were treated Friday night with Chicago's best roast beef supplied by Sheryl and Glen. Saturday morning we had an egg bake and many other goodies like cinnamon rolls and bagels. Saturday night brought us lasagna, complements of Trish and Deb and a mean salad by Diane. We can't forget the low fat cookies "I wish" and garlic bread by the Kreutzers and desserts by Diane. Everyone brought something, trust me we didn't go hungry or thirsty. The only bummer of the weekend was loosing two sleds. Debs Ski Doo on Sunday and Marks Yamaha on Saturday. We had a guest rider that was nice enough to lone Mark a sled so he could enjoy the ride. I'm already looking forward to next year. Thank you to everyone for all the efforts put into this ride.

Don't forget to visit the Plover Spuds on Snow Face Book and check out the pictures. Julie captured some great moments. Go to Face Book "Plover Spuds on Snow" and click the button to join the group. Thanks Rick for a job well done.

I hope to see everyone Weds March 10th at Smiley's for the 7 pm meeting.

**Calendar of Events:**

**March 10 (W) @ 7:00 Regular Membership meeting @ Smiley's**

**March 16 (T) @ 7:30 Portage County Alliance Meeting @ Jordan Park**

**April 14 (W) @ 7:00 Regular Membership meeting @ Smiley's**

**April 20 (T) @ 7:30 Portage County Alliance Meeting @ Jordan Park**
